LOVE NORTH TULSA GUIDE

A list of amazing people &
things to see and do.

1st edition

North Tulsa is a sanctuary for those looking for community, safety, and opportunity. While the roots are in the historic Greenwood district, the community consists of people from all over. You will regularly meet people from California, Louisiana, Kansas, and a little bit of all over. The best part of the neighborhood is the people. When you are here, people have your back.

There are busy areas, like around MLK & Mohawk and 36th St North & Peoria, but much of the area is country living complete with chickens, goats, and lots of horses. The main visible community activities are school sports, informal gatherings of souped-up cars, horseback riding, people exploring our many parks and trails, and cycling.

We'd love for you to spend time here and get to know and support some of the great people that make up North Tulsa. This informal listing of areas to explore, places to grab a bite, and spots to shop and get services is sure to be incomplete-if we missed your favorite spot, please let us know and we'll add it to our next edition.

TAKE IN SOME VIEWS

Osage Prairie Trail

traillink.com/trail/osage-prairie-trail

A 14+ mile trail from Tulsa to Skiatook. Great for walking, running, and biking with areas of great beauty. Highlights are the beginning of trail in the Greenwood District, the large pond at 56th St N and the bridge about a mile north of Sperry where you can see indigo buntings and other hard to spot birds. Worth stopping in Sperry to see the gas station from *The Outsiders* movie. Mulberries and lush foliage grow all along.

36th St N & MLK

Great spot to view the city. Similar to driving to the Botanical Gardens, Tulsa looks like the Land of Oz. Rapper and North Tulsa native, Steph Simon filmed his video *Visions* at this spot. He teaches at McLain, in addition to being a community leader.

Lake Yahola, 4199 Mohawk Blvd
